## Prayer letter

Prayer is really important to everyone involved with CRMI and we really appreciate the time you spend in prayer on our behalf - thank you so much. Our prayer letter has changed slightly this month so we can concentrate in more detail on the issues that affect our children.

### December 2008

Please remember to pray for your sponsored children and their families over the Christmas holidays. Our children sometimes struggle when they have to return home for the school holidays due to the poverty in their villages. We have to remember that our children are going to be the ones who in turn will bring good hygiene and healthy lifestyles back to the places they live in. As your children continue to receive an education they also pick up valuable life skills which they then take home and put into practice. This is the beginning phase in encouraging others to adopt good healthy practices which in turn change people and villages.

### January 2009

Child trafficking is something that we may hear about, but we very rarely do something about it. Poverty plays a big part in the desperation that some families face and finding employment for their child seems like a suitable solution to the constant cycle they daily face.

Some families believe that they are doing the right thing when they contact people who are working, however as their daughters are hired as housemaids it soon becomes clear that what was a good employment opportunity has escalated into prostitution and sexual slavery. These children may never return to a normal family life or finish school. Please pray for all those who are affected by human trafficking. Ask God to intervene into their situations and bring about restoration for them.

### February 2009

Please pray for all those who are involved in the CRMI ministry; for God to grant us travelling mercies and to provide protection as we move forward for Him, after all it is God we are serving. Please remember to pray for staff members and their families, for our volunteers, sponsors and partners. Everyone has a part to play in how we can build new relationships, and build upon those foundations that God has already put into place.
